Script for Calling Republican Representatives:

Introduction:

"Hi, my name is [Your Name], and I live in [Your District]. I'm calling today to express my concerns and urge [Representative's Name] to take action on a few key issues."

Issue 1: Opposition to Elon Musk's Influence
"I'm deeply concerned about Elon Musk's growing influence, especially with his control over important platforms and resources. It's critical that our government does not allow any one individual or corporation to hold too much power over our democracy and economy. I'm asking [Representative's Name] to oppose Musk's influence in our political system."

Issue 2: Protecting LGBTQ+ Rights
"Next, I am very worried about the increasing attacks on LGBTQ+ rights, especially with efforts to roll back protections. I strongly urge [Representative's Name] to oppose any measures that would remove or weaken protections for LGBTQ+ people. Everyone deserves equal rights, no matter who they are or whom they love."

Issue 3: Birthright Citizenship and Immigration
"I'm also extremely concerned about proposals to end birthright citizenship

and the growing rhetoric around mass deportations. Birthright citizenship is a fundamental part of our Constitution, and any efforts to revoke it or take drastic actions against immigrants undermine the principles of fairness and justice. I urge [Representative's Name] to reject these harmful policies and instead support comprehensive immigration reform that treats all people with dignity and respect."

Issue 4: Protecting DEI (Diversity, Equity, and Inclusion) Efforts
"Diversity, equity, and inclusion programs are essential for creating a fair and just society. I ask that [Representative's Name] stand in support of DEI efforts, especially within government and education, and reject any proposals that would dismantle these important initiatives."

Issue 5: Protecting Women's Reproductive Rights
"Finally, I am deeply concerned about efforts to restrict women's access to reproductive health care. [Representative's Name] must support protecting women's right to make decisions about their own bodies, including access to abortion and contraception."

Closing Statement:
"If [Representative's Name] does not take a stand on these issues, I will begin actively looking for and campaigning for a challenger in this district. These are issues of fundamental rights and freedoms, and I

expect [Representative's Name] to represent the values of the people in this district by standing firm against these harmful policies."

"Thank you for your time. I look forward to hearing where [Representative's Name] stands on these issues."
